As a longtime supporter of Siffrin you may know that the “Friends of Siffrin” campaign has been the annual fundraiser for Siffrin, Inc. in our drive to provide quality services and equipment to people in our community with disabilities who are in financial need. This year, Siffrin has created the HOPE Fund as a way to raise money for the necessities often required by those we serve with disabilities but aren’t affordable or provided by other means of funding. I’m extending to you the opportunity to donate to our mission, and make a difference in people’s lives.

WHO ARE WE

Siffrin is a nonprofit organization committed to providing support services to people with disabilities. Siffrin provides services to more than 300 people in an eight county region. We provide support in a variety of ways to people with disabilities to allow each person to be as independent in the community as possible. Services include residential, employment, financial management, adult day and transportation support.

WHY AM I ASKING

Siffrin is one of the few private, nonprofit providers of services for people with disabilities. Funding from local tax levies does not fund our programs, and state funding is diminishing each year. In order to continue providing necessities to those we serve that are not funded through Medicaid or other sources we need our community’s support...your support. Siffrin plans other fundraising events, such as our annual golf outing, that also help provide money for needed equipment and services, but this annual appeal is something in which we all can participate.

WHAT CAN YOU DO

If you would like to contribute to the HOPE Fund, please fill out the enclosed envelope and send it, along with your donation made out to Siffrin, Inc. **One-hundred percent (100%) of your donation will directly benefit people served by Siffrin, Inc. by providing items like bed linens, winter clothing, groceries, accessible home renovations, medical equipment, and Christmas gifts for people with no family.**

On behalf of the Board of Directors, our employees and those we serve, thank you in advance for anything and everything you are able to give.

Sincerely,

Bradley L. Vincent
